

Supporting your Child(ren) with the DCSD Student Portal

(Powered by Clever)

The DCSD Student Portal is available at student.dcsdk12.org and provides one convenient spot for students (K-8) to access district learning and curriculum resources and applications.

[Link to Step-by-Step Instructions/Video for Students \(Grades K-3\) with Badges Assigned \(Google Chromebook\)](#)

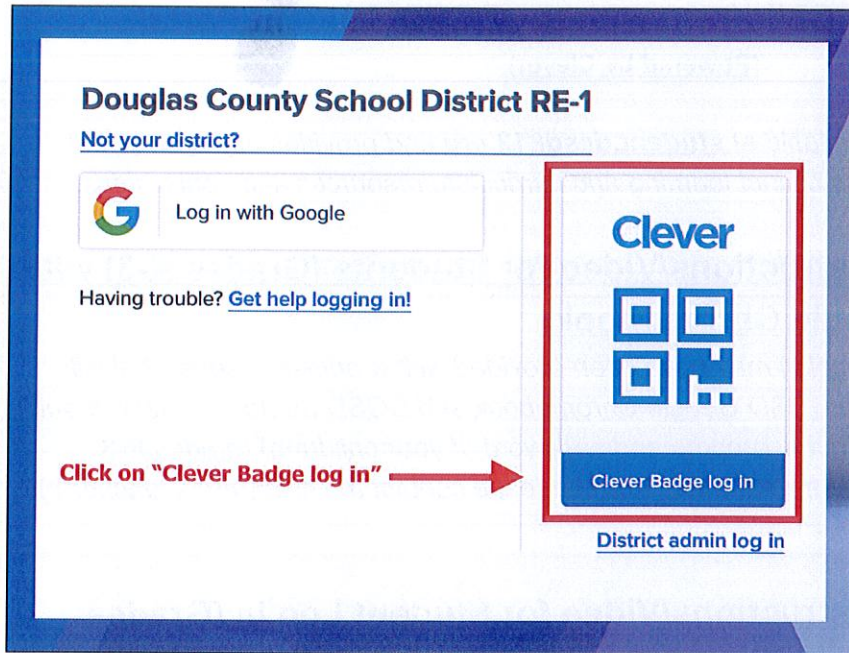

Your child(ren) (grades K-3 typically) may have been provided with a printed “badge” that will allow them to easily log in to the DCSD Google Chromebook and DCSD Student Portal without the need to remember their district username and password. If your child(ren) (grades K-3 typically) did not receive a badge from the teacher(s), please contact the child(ren)’s teacher(s) directly.

Step-by-Step Instructions for Students (Grades K-3) with Badges Assigned (Apple Desktop or Laptop)

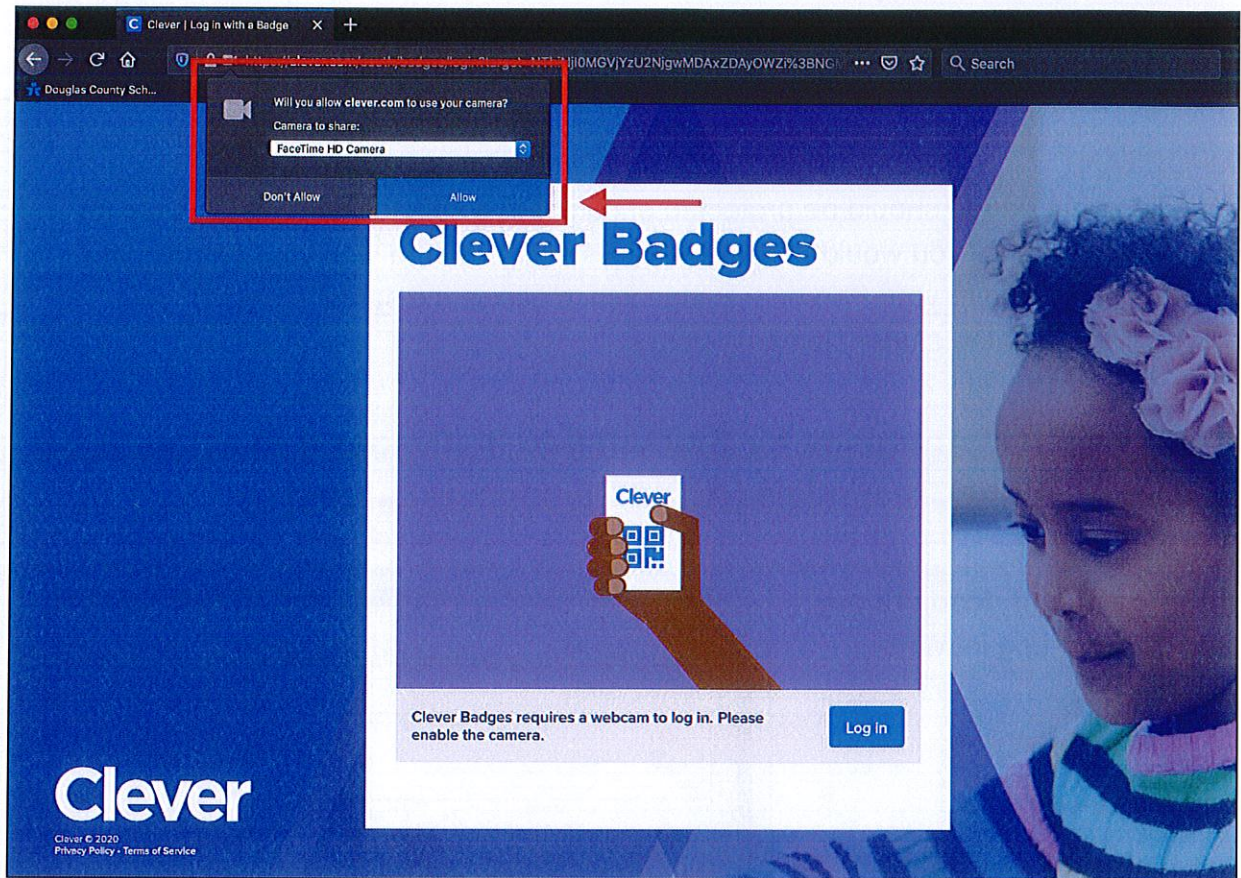

Your child(ren) (grades K-3 typically) may have been provided with a printed “badge” that will allow them to easily log in to the DCSD Student Portal without the need to remember their district username and password. If your child(ren) (grades K-3 typically) did not receive a badge from the teacher(s), please contact the child(ren)’s teacher(s) directly.

1. Go to **student.dcsdk12.org** and click on “Clever Badge log in”.

2. Allow access to the camera on your computer. Your computer's camera will turn on to be used to read your personal badge and log you into the DCSD student learning portal. *Note: You will need to allow access to the camera each time you use your personal badge to access the DCSD student learning portal.*

3. Once you see yourself on the screen, hold your personal badge up so that the camera can read it like in the photo below. The green check mark means your badge was read successfully.

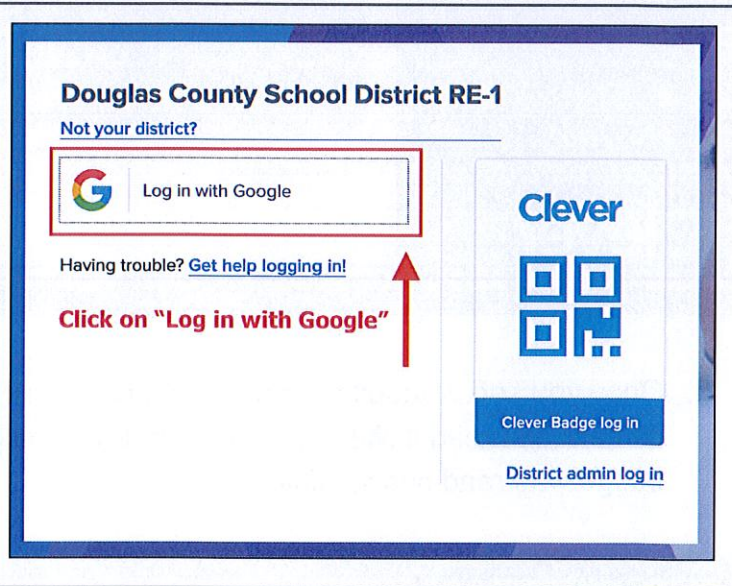

4. You should now see the DCSD student learning portal and the apps that your teacher has made available for you to use in your learning.

IMPORTANT

Your Personal Badge should be protected and kept in a safe location that is easy for you to find. Just like you wouldn't share your district password with your friends, you should also not share your Personal Badge which allows the same access to your Clever account in the student learning portal.

Step-by-Step Instructions for Student Log In (Grades 4-8) using DCSD Google Account Credentials (Apple Desktop or Laptop)

1. Go to **student.dcsdk12.org** and click on "Log in with Google".

2a. If you **are not logged in** to your district Google account (for example, your email or calendar), you will need to enter your DCSD username and password. After you are authenticated, you should be logged in to **student.dcsdk12.org**.
